The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth House Office  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of East Bethel's Sewer and Water Utilities Connection Project in Fiscal Year 2027.

The entity to receive funding for this project is located at 2241 221 St. Ave NE, East Bethel, MN, 55011. The funding would be used for the city's water tower, water treatment plants and piping to provide municipal sewer and water utilities to two elementary schools (East Bethel Elementary and Cedar Creek Elementary). The project is an appropriate use of taxpayer funds because the funds would go towards building a sewer plant that has the capacity to service the school's needs and the needs of the new industrial park. The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Tom Emmer  
Member of Congress
